

Sacred Heart Secondary CVA, Redcar

Sacred Heart Secondary CVA, Redcar (Ages: 11 - 16)

Sacred Heart is a thriving, well established and successful mixed Academy. The success of the Academy is down to the commitment of staff, students and governors, striving together for excellence. We offer a broad and balanced curriculum within an environment of high expectations and strong pastoral support. Gospel values and the teachings of the Catholic Church underpin all that we do, in the firm belief that every person is made in the image and likeness of God. Sacred Heart Secondary is the Lead School for a consortium working with Redcar and Cleveland Teacher Training Partnership to provide training in both the primary and secondary sector.
