

# All Saints RC School, York

## *All Saints RC School, York (Ages: 11 - 18)*

Blending traditional values with new thinking in an exciting and varied curriculum, our holistic education aims to challenge and encourage each and every student to strive to achieve their potential. While we enjoy a plethora of modern facilities and technological equipment in our newer wings, we are proud of and careful to preserve the classic architecture of our Grade II Listed buildings. All Saints RC School is guided by the teachings, traditions, sacraments and values of the Catholic Church. Through academic excellence and a strong focus on pastoral care, we aim to prepare young people for their lives as citizens in the community, and to enable them to serve as examples to moral and spiritual values in the world. Our objective is to foster the best relations between students, staff and parents.
