

St Patrick's Catholic College VA, Thornaby

St Patrick's Catholic College VA, Thornaby (Ages: 11 - 16)

The fact that we are a relatively small Catholic secondary school with high academic standards and a family atmosphere makes us special. Our success is firmly rooted in strong, supportive relationships between pupils, staff and parents based on mutual respect and high aspirations. As a Church school, our main aim is to develop in each child, a love of God and neighbour, and to develop an understanding of their own unique origin and destiny as children of God. We do this by striving to develop everybody's talents and potential to the fullest and by treating everyone, both in school and the wider community with care and respect.
