

BIKEABILITY PARENTAL CONSENT FORM

Bikeability training has been booked with City of York's road safety team and your child will have the opportunity to take part in a **Bikeability Level 2 and/or 3 Cycle Training Course** during school time. The training is delivered by qualified National Standard Instructors who are DBS cleared and are covered by City of York Council Insurance. Instructors are registered with The Bikeability Trust and have a unique Instructor Identification Number. If you would like to check the identification number of an instructor please contact The Bikeability Trust, ideaSpace City, 3 Laundress Lane, Cambridge, CB2 1SD. e: contactus@bikeability.org

WHAT IS BIKEABILITY? Bikeability is the national cycle training programme supported and partly funded by the Department for Transport. The course builds the skills and confidence of children who can already ride. Bikeability can not only make children better cyclists - potentially for the rest of their lives - but can help with general confidence and independent thinking. All of our Bikeability training is delivered by qualified, professional, DBS checked National Standard Instructors. Visit www.bikeability.org.uk for more information

Level 1 takes place in an off road environment and teaches riders how to control and master their bikes

Level 2 gives participants on-road experience in residential traffic to help them prepare to make short journeys by bicycle

Level 3 teaches individuals the skills to ride effectively on more complex roads and in further challenging traffic situations

FURTHER INFORMATION FOR PARENTS This course develops the cycling skills and confidence of children who can already cycle. To benefit from Bikeability, your child must practice what they learn after training. Bikeability skills and confidence will be lost without regular cycling.
