

St Francis Xavier School, Richmond

St Francis Xavier School, Richmond (Ages: 11 - 16)

Our mission as a joint Catholic and Church of England school is rooted in the Gospel values of love of God and love of neighbour. Our young people treat others with dignity and respect and have high expectations of themselves and others, encouraging each other to succeed. Academic excellence is our first priority and a positive approach to learning is at the heart of our school. Students are set challenging and aspirational targets and through the nurturing and caring environment that is central to our community, they achieve outstanding results. Our students are the finest ambassadors, demonstrating what can be achieved through hard work and a positive attitude.
