

# St Mary's College, Hull

## *St Mary's College, Hull (Ages: 11 - 18)*

St Mary's College continues to go from strength to strength, offering our students and the community we serve, top quality educational provision, outstanding facilities and a commitment to the highest of standards. We work tirelessly in pursuit of further improvement so that we are the best that we can be. St Mary's College has a long and successful record of providing outstanding teacher training and support. St Mary's College has been involved with 'School Direct' training since its launch in 2012. All trainees from previous cohorts have been successful at finding employment in schools in the region and many are now working as teachers at St Mary's College or in our partner schools. St Mary's College is a very special place, proud of its achievements, its heritage and values as a Catholic school.
